## CLIENT AGREEMENT

**CLIENT:** By committing to this agreement you are agreeing to the terms and conditions of Tamra's *Self-Love Embodiment Sessions*. This agreement sets out the context in which you will get the outcome you want. It also covers some of the issues of law governing our relationship.

### 1. Self-Love Therapist Tamra Mercieca:

Your trainer and therapist Tamra Mercieca is the founder of the *Getting Naked* online school. Tamra is qualified in a range of modalities, holding a certificate IV in Life and Business Coaching and a Certificate IV in Training and Assessment, as well as being trained and certified in Neuro-Linguistic Programming, Time-Line Therapy and Therapeutic Hypnosis, having been accredited with the relevant boards of America.

Tamra is an accredited UI (Universal Intelligence) Mentor, holds a Vaginal Steaming certification, has completed the teacher training in The Billings Ovulation Method, has undergone Lifeline's Asist (Applied Suicide Intervention Skills Training) as well as completing a Wellness Leader Certificate.

Tamra holds yoga-specific qualifications including Yin Yoga (200hours), Pre-natal Kundalini Yoga (108hours) and Restorative Yoga (50hours). She has also completed trainings in Insight Yoga, Savasana Intensive, Back Care Anatomy, Pelvic Floor and Core Foundations, First-aid for Prolapse, Restore Your Core, Pain to Power Childbirth, Hypnobirthing, Self-Fertility Massage, HearthMath, and the Alexander Technique.

It was through this accumulation of knowledge, practical application, deep inquiry and ongoing personal insights, that Tamra developed what she now coins *Self-Love Therapy*; the modality upon which she will work with you to help you heal the issue/s you have enrolled in the program to heal.

Tamra is a legal Complementary Healthcare Provider, and not a licensed Medical Doctor, Psychologist, Psychiatrist, Master's in Family and Child Counselling (MFCC), or a Master's in Social Work (MSW). The services you receive are not licensed in this state, nor are they regulated by a governmental body. If you are on medication you **MUST** inform your therapist. Furthermore, nothing that happens during this course should be construed as, nor should you believe that it is a substitute for the advice of a licensed person.

## 2. What to Expect:

If you have taken part in Tamra's **One-on-One Intensive**, you know what to expect from the session. Expect this session to be similar, but deeper, in that we will explore the root cause of issues at a deeper level. If you have completed the **Remarkable Relationships** course, but have never done a session with Tamra 1:1, expect this session to be very different to any therapy sessions you may have done in the past.

We will not spend a lot of time talking about the problem. It is very important for us to discover the internal thought process of HOW you create the problem - what limiting beliefs and repressed emotions are creating the issues you're experiencing - so that we may quickly and effectively clear the problem at the root cause.

Tamra will help you gain awareness of why your life is the way it is and what needs to happen in order for you to move forward. The session will include the identification and removal of one or more limiting beliefs that are holding you back, with new, more positive beliefs installed into the subconscious mind.

The session will end with you being set homeplay that will help cement in the new belief. If the belief does not shift in the session, it simply means you have more work to do, to be ready to release that belief, and Tamra will set you some homeplay specifically designed to help with this process. Please know that even if a belief doesn't shift in the session, it will loosen so it doesn't have such a hold over you, and that will offer you more freedom in your life.

The **Self-Love Embodiment Session** includes one 75-minute session with Tamra. You will also have one week of email support following that session, to help answer any questions that may have arisen following the session. You can send as many emails as you like during this time, and Tamra will answer them on the two days per week that she answers emails.

Because these audio-only sessions are conducted via phone/Skype/Zoom it is essential you ensure all mobile phones or other electronic devices are switched off (or on silent) and you are in a place where you will not be disturbed for the duration of the session. *Self-Love Therapy* requires your full attention in order to gain optimum results.

In addition to this you will also receive 1 Love Infusions (energy healing sessions). It is your responsibility to create the time and space to take part in this session. These are a beautiful way of helping to integrate and lock in the learnings from the session with Tamra.

## 3. After the Session:

Tamra will assign you specific tasks to do; homeplay! These tasks are, absolutely, a fundamental part of the therapy. They may take up to several days or weeks to complete. The tasks are directly related to the circumstances that created the problem you're experiencing, and help integrate the clearings from the session. If you do not complete the homeplay, then neither you nor we can predict the outcome of the session.

Secondly, it's recommended that you **consistently focus on what you want**. Our mind doesn't know the difference between what is real and what is imagined. The more time you spend focusing on what you wish to experience in your life, the easier it is to allow that experience in. After the session, focusing on what you want is a powerful way of continuing to expand the healing that took place in the session.

#### 4. What the *Self-Love Embodiment Session* is NOT...

*Self-Love Embodiment Sessions* are designed to shift you into a new experience of yourself, by overcoming at least one core limiting belief that is tripping you up. They are designed to help you deepen into self-love, build your confidence and break through a current limitation you're facing, while helping build your confidence in your ability to self-heal. These 75-minute sessions are NOT designed to cure a long-standing issue.

If you wish to overcome such conditions as depression, anxiety, a physical illness or disease, long-standing financial or relationship issues, for instance, then it's recommended you take part in the **One-on-One Intensive**, which is specifically designed for this purpose. This more comprehensive program takes you through a specific framework that digs out ALL the beliefs responsible for the long-standing issue, so you can be free of it long-term.

Self-Love is a lifelong journey. Our purpose in life is to love ourselves, and the only way to do this, is to continue to connect deeply with oneself and develop a spiritual practice that will give you that connection. The **Self-Love Embodiment Session** is a powerful step on that path, and one that will leave you feeling lighter and more confident about the road ahead.

#### 5. *Self-Love Therapy* explained:

**Self-Love Therapy** is a path home to oneself. It's a holistic modality that involves stripping off the layers of conditioning keeping a person from connecting to the love within; to their True Self. *Self-Love Therapy* understands that we're all perfect and whole, and the only problem we ever face, is a disconnection from self. In *Self-Love Therapy* a person learns how to nurture their relationship with self, and thus cultivate self-love, so they can live happily right now.

What makes *Self-Love Therapy* unique, is that it treats the whole person by marrying together Coaching, Therapy and Energy Healing. When you take an integrative approach like this, it's possible to not only heal the root cause of the issue, but guide a person on how to make behavioural and lifestyle changes to support them in living a healthy and happy life, where they feel connected and guided from within.
